# Inquiry/Review of Open Session Minutes Recorded for March $21^{st}$ , 2016, Open Session Minutes(Tabled from April $18^{th}$ 2016 meeting

Per the board's request, the recording of the open session minutes of March 21<sup>st</sup>, 2016 were reviewed by the Executive Director. Per Robert's Rules "Minutes need not to include specific commentary except when minutes will be made available to the public." There is a little bit of discretion when it comes to non-public/non-profit entities versus public entities. Unfortunately the motion did not call how the motion verbiage was to be restructured. After a lengthy discussion, the board agreed to accept the open session board minutes of March21sr, 2016 as written and recorded.

# Approval of Open Session Board Meeting Minutes for April 18<sup>th</sup>, 2016(Tabled from May 16<sup>th</sup>, 2016, Meeting)

Per the board's request, the April 18<sup>th</sup> recording of open session minutes was reviewed by the Executive Director. The acronym "DNA" was a typing error and should have been "DNR", Department of Natural Resources.

# **Discussion and Conclusion of Resolutions:**

# 1. Resolution 2016-25 Addendum – LAI Purchase of sheltered Employment Services and/or Supports Agreement

Camden Co Senate Bill 40 Board (dba Camden County Developmental Disability Resources) acknowledges the need for a continuance of LAI Purchase of Sheltered Employment Services and/or Supports Agreement and authorizes the Executive Director to initiate and sign the Addendum to extend the term of the Agreement with LAI to end on July 31<sup>st</sup>, 2016. The Executive Director shall submit written notification to LAI that LAI's confirmation of agreement to extend the agreement must be received by the Board no later than Thursday, June 30<sup>th</sup>, 2016; otherwise, the Board shall assume LAI does not agree to the Addendum to extend the Agreement and shall consider this Resolution to be null and void.

Both parties have the right to extend the contract one month as there is no finalized new contract as of yet. Tiffany reported that there were more changes on the LAI side than she had expected. LAI presented new contract to their attorneys. Attorneys have not responded yet but did converse on Friday. This item will be discussed at the July board meeting but may well be August before all parties can get together.

Motion by Paul DiBello, second Lisa Jackson, to approve the resolution as presented:

# 2. Resolution 2016-26: LAI Purchase of Transportation Services and/or Supports Agreement (7/1/16 to 8/31/16)

Camden Co Senate Bill 40 Board (dba Camden County Developmental Disability Resources) acknowledges the need to execute an Agreement for the purchase of transportation services and/or supports from LAI and authorizes the Executive Director to initiate and sign the Purchase of Transportation Services and/or Supports Agreement with LAI for providing transportation services and/or supports for eligible Camden County residents.

OATS and CCDDR have been meeting to provide transportation rates for non-waivered employees of LAI. It was recommended that rates for Medicaid non-waivered individuals be extended another 60 days. Rates for both waivered and non-waivered individuals should be the same.

Motion by Suzanne Perkins, second Paul DiBello, to approve the resolution as presented:

Arc of the Lake Myrna Blaine

Myrna, Vice-chair of Arc of the Lake reported that the ARC is interested in bringing a totally accessible playground for persons who are physically challenged to the lake. The ARC is asking for

community involvement to help with design and funding of this project which could possibly take two years to complete. The ARC of the Lake is sponsoring a picnic at Wonderland Camp on August 20 from 10am to 4pm and lunch will be provided. Indoor activities will be available. Educational components regarding Medicaid limits increasing over the next 5 years will be discussed. The ARC of the lake invites everyone to attend their meetings the first Tuesday of the month at the Miller County Senate Bill 40 Office.

# Lake Ozarks Developmental Center (LODC) Marilyn Martin

LODC is working with DMH and CCDDR Support Coordinators to amend contract to include supported employment. LODC is waiting on state to see what changes will be for services and service definition as of July 1st. LODC and ILRC are partnering to provide cooking classes at LODC.

A new vending machine has been purchased by "Snacks are Us" and a new route added for the airport at Osage Beach.

# **Children's Learning Center (CLC)**

CLC was unable to attend and asked that CCDDR do their monthly report. DMH contract was denied due to lack of a definition to fit the CLC Program, but DMH is working with CLC to try and remedy this situation. Community Christian Church sent invoice for \$5400 to CLC for the space rented for EDGE program. CLC is reaching out to the pastor to see if negotiations can be made to resolve the conflict. CLC made \$12, 800 from the Nite Glow event.

# Lake Area Industries (LAI) Tiffany Maasen

Contract Packaging was up last month compared to May, 2015, due partly to a couple of new local contracts. Foam project is shut down to do maintenance on machine and DNR working on an agreement with another job site, which went to court, but did sign papers. Processing should resume July 12. LAI is waiting on report from DNR's annual inspection that was completed last week. We will make sure that CCDDR gets a copy of the report as well. Garden Center is also down but having a big plant sale running now. Shredding, as well as paper and cardboard are also down a little from last year; however LAI did get a couple of new customers on cardboard and one on shredding. The thrift store did over \$12,000.00 and is working with four or 5 furniture stores, receiving furniture with a few nicks. Wood shop is really down, last year at this time monies were at \$14,800 and this year was \$8600.00. Part of the reason the wood shop is down was due to a LAI unemployment claim that was denied by unemployment and then ended up paying it out. There was much confusion between unemployment, an employment company LAI uses who filed the claim thru a software company. The software company filed it with the state and there is an argument between the state and the software company as to whether they got the claim. An appeal was filed and software company will pay LAI back and the fight the claim. LAI is out of it now and hopefully issue will be resolved between the software company and unemployment. LAI is waiting to see what will happen in regards to transportation. LAI would like to keep Medicaid waiver people on transportation until at least the end of year.

Max Fisher asked if David Campanini was a LAI board member. Tiffany stated he was a LAI board member and also a broker-contractor for Employer Advantage and he had signed a conflict of interest

statement. Max asked if documentation could be obtained stating no commission was received by Dave from Employer Advantage. Tiffany asked that CCDDR Director put that in an e-mail to her and she will ask LAI attorneys and board members the question and get back to CCDDR with the answer.

Jim Rogers suggested the audience chairs be moved up about 10' due to echo in room causing problems of hearing what is being said. He also said both LAI and CCDDR boards have something in common and stated "we are here to help challenged people below us as well as we can – that is all we are here for" and neither of the executive directors can do anything without their board's approval. When we have people attacked by the media, it is like attacking the entire board. We would like to see that the truth gets out, not only the negative suppositions but the good stuff too. The negative stuff that is untrue has to stop.

Mr. Rogers continued by saying the dock foam issue is something we all need to understand. The issue has been blown way out of proportion. Lake shore clean up has been going on 25 years, removing 5.6 million pounds of foam. Per telephone conversation with DNR, there has not been one problem, "Let's put it to rest." CCDDR director commented that there were health concerns brought to the agency's attention and that the agency was required to follow up and see if potential risks might be involved. We are not attacking the project or being unsupportive of the project. We are looking at the liabilities of both parties and that the agency is mandated to follow up and see if potential risks might be involved. We can resolve issues and make recommendations to the state that can easily be accomplished. There is a value of information knowing now what potential risks lie in the future. Picking up the foam on the shoreline did not require any type of manufacturing process. Even though it is stated that the dock foam machine produces no heat, only friction, it would be prudent that for future allegations that could arise as a result of the manufacturing aspect of the recycling of the foam, that both parties agree every opportunity to protect the safety of our individuals has been researched.. Concerns' regarding possible health issues from dock foam has created much conversation. Prudent measures and precautions are being taken that both agencies have some type of certification in case something would arise in the future for individuals of both agencies as well as agencies protection. Lisa Jackson is researching to confirm that both agencies will be free and safe of any future problems and would like to see documentation that all has been checked out and all is good.

Tiffany shared that DNR stated they did not know what permits was involved. A permit for foam to be delivered to LAI parking lot was issued.

Per Max any time you compress anything, heat and friction is created. CCDDR board members agreed saying that is why OSHA and other agencies need to provide certificates stating there are no problems. Due to some funding for the foam project being provided by CCDDR, the same documentation and reports that LAI has are needed for CCDDR files so that both agencies are on the same page.

### **Old Business for Discussion**

# • Transportation (Task Force Update)

Task force meetings are held the last Wednesday of each month. There has not been a task force meeting since the last board meeting so there are no new updates. Extreme interest has been shown state wide regarding transportation problems. Participants and related entities are willing to help. The next task force meeting will be June 29th.

# • Arc of Missouri Victimization Public Awareness Campaign Grant Application

The ARC of U.S., Missouri Chapter was awarded a \$200,000.00 grant to administer victimization public awareness for the next few years. Director will update board monthly regarding this.

CCDDR Board member, Max Fisher, requested to enter into the record, the written minutes of the March board meeting do not reflect what happened at the meeting with regard to the Executive Director of LAI protesting the questions being asked, stomping out of the room and slamming the door as she left, showing tremendous disrespect to the SB40 board.

### **New Business for Discussion**

• OATS Transportation Services

A transportation agreement was talked about in resolution 2016-26. OATS and other organizations have the ability to leverage funds that we cannot. Ongoing negotiations with OATS are currently taking place to administer transportation services to those individuals who are not Medicaid Waiverable. OATS and CCDDR are working on how we can introduce a public transportation system via OATS providing non-Waiverable and Waiverable transportation services for CCDDR clients. For Waiverable CCDDR clients, it will also satisfy HCBS final rule requirements to provide more than one choice of service providers. All statutes and rules must be followed. By instituting public transportation in tri-county areas, some of the costs could be alleviated.

# **May Support Coordination Report**

Caseload for May was down to 293 with 9 support coordinators; however three support coordinators have a reduced case load. Case load as of June 17 had increased to 299.

Motion by Lisa Jackson, second Max Fisher, to approve the report as presented.

# **MAY CARF Report**

CARF measures are better and back on track. Plans were late due to contact being lost with several families. Currently all have been located except for one family. State statutes read that all clients must be seen at least once annually but the support coordinators visits with families quarterly. CCDDR is up for CARF recertification in December, 2017. A lot has been learned since our last CARF review and maintaining our data. May surveys reflect that 4 families wrote a note on bottom of survey stating how satisfied they were with their support coordinators.

Motion by Suzanne Perkins, second Paul DiBello, to approve the report as presented.

# **May Agency Economic Report**

The agency is well within guidelines on the grants funds budget. The agency budget will be revised in July. If support coordinators are not working, income in budget is affected. \$40,000.00 was allocated in January for shortfalls and will be applied. Negotiations with state will start in the 4<sup>th</sup> quarter to change the TCM allocation "cap" contained in the current contract. Board will be updated as events develop.

Motion by Suzanne Perkins, second Lisa Jackson, to approve the report as presented.

# **May 2016 Credit Card Statement**

No Questions and a vote not necessary.

Motion by Suzanne Perkins, second Paul DiBello, to adjourn to closed session pursuant to section 610.021 RSMO, subsections (2), (8), (12), and (14). A voice vote was taken.

### Grants Program Budget Variance Report

<u>Total Income:</u> During June of 2016, total gross income for the Grant Program was higher than budgeted expectations due to higher than anticipated tax collections. YTD tax receipts have also been higher than anticipated.

<u>Total Expenses:</u> During June of 2016, Grant Program expenses were lower than budgeted primarily because Medicaid Match, Targeted Case Management, CLC, Sheltered Employment, and Special Needs expenses were lower than anticipated. The agency did not exceed the TCM contract allocation cap, which accounts for \$51K of below budgeted expenses for June and YTD. YTD expenses reflect lower than anticipated expenses in all categories. YTD CLC expenses are lower due to the closure of the EDGE program and less than anticipated Step Ahead enrollment. YTD LAI capital improvement expenses have yet to be realized, and employment supports provided by LAI have also been less than anticipated. YTD Special Needs expenses are lower due to difficulties in families submitting Medicaid Spend-down invoices to CCDDR for payment and not as many clients have spend-downs paid by CCDDR compared to 2015, which was the basis of the 2016 projections.

### TCM Program Budget Variance Report

<u>Total Income:</u> During June of 2016, TCM Program total income is slightly lower and back to a closer pace with budgeted expectations. YTD TCM Program total income has been significantly lower because several individuals/guardians/families have not yet submitted all information to re-certify annual Medicaid eligibility,

causing a lapse in Medicaid coverage; several individuals/guardians/families have not been submitting Medicaid spend-down invoices to CCDDR for payment, causing a lapse in Medicaid coverage; Support Coordinator absences were higher than anticipated from January to March; and the overall Support Coordination billable percentage of hours worked are lower than budgeted. Significant efforts have been put forth to address the TCM billable percentages and correct deficiencies as well as working with individuals/guardians/families to submit spend-down invoices and Medicaid re-certification paperwork.

<u>Total Expenses:</u> During June of 2016, overall TCM Program expenses were less than anticipated. YTD TCM expenses are lower than budgeted primarily due to lower than anticipated payroll expenses, which was a direct result from an unanticipated Support Coordinator unpaid leave of absence and eventual position vacancy from January to March. TCM total income is a direct result of Support Coordinators' percentage billable time of total hours worked. Any deviations in expected billable time from scheduled hours worked will be reflected within the total and net income categories. Although April through June's net income was closer to budgeted expectations, January to March net income still reflects a YTD negative cash flow. Mechanisms are in place to reduce expenses if total income does not meet budgeted expectations; however, the reduction of expenses could not keep pace with the significant loss in total income during the first quarter of 2016.

Sharla,

I have made reservations for the Wazir family for training in June. You can contact the Drury Inn here in Columbia and speak with a manager on duty regarding the payment. Their phone number is 573-445-8310 and most of the time it would be Mike or Charles.

The reservations are under my name (Alissa Marlow) and here are the confirmation numbers:

June 6 – 10 (checking in on 6 and out on the 10) #3511773 > 341.12June 13 – 17 (checking in on the  $13^{th}$  and out on the  $17^{th}$ ) #3511780>3<sup>41</sup>. 12

Thank you so much for approving the hotel for this family. I have no doubt that they will get a lot out of training. Please let me know if you have any other questions or concerns. Thanks again! We look forward to working with the Wazir family.
