B. Agency Information

1. Mission Statement

To provide persons with developmental disabilities the necessary tools to achieve self-determined lives, while ensuring quality services.

2. History

Camden County Developmental Disability Resources (CCDDR) is a political subdivision of Camden County, Missouri created in August of 1980 when voters in Camden County approved passage of state enabling legislation commonly referred to as "Senate Bill 40".

The agency is authorized by Sections 205-968-205.972 of the Revised Missouri Statutes to provide for needs of Camden County citizens with developmental disabilities in areas of employment, residential, and related services.

Camden County Developmental Disability Resources (CCDDR) was created to provide for the employment, residential, and related service needs for Camden County persons with developmental disabilities. Our Support Coordination staff assists persons served in meeting their personal needs and goals and in obtaining the greatest degree of independence and inclusion possible in everyday community life.

In cooperation with the MO Division of Developmental Disabilities, Camden County Developmental Disability Resources provides Support Coordination services for Camden County persons with developmental disabilities.

3. Regional Profile

Camden County Developmental Disability Resources services only clients who reside in Camden County. At the current time, CCDDR has only one agency vehicle; therefore, Camden County Developmental Disability Resources is able to transport few persons but our agency is able to transport some clients to medical, dental and various other trips to meet their daily needs.

Due to Camden County Developmental Disability Resources having only one agency vehicle, our agency is unable to provide the transportation services for our clients that the agency feels is needed. Camden County Developmental Disability Resources is hoping to have a larger fleet of vehicles in the future to provide a transportation program and service that support public or private transportation opportunities for persons with developmental disabilities to meet their needs.

Camden County Developmental Disability Resources services are available to all persons regardless of race, gender, color, religion, age, national origin, or disability.

4. Population Served

A majority of Camden County Developmental Disability Resources clients live in rural areas. Camden County Developmental Disability Resources clients range from the age of 4 and older. First Steps enrolls children with developmental disabilities from birth to age 4.

5. Service Area

Camden County Developmental Disability Resources is comprised of one county, that being Camden. One Executive Director oversees the staff for the agency.

6. Governing body of Camden County Developmental Disability Resources

CCDDR is guided by a nine-member Board of Directors who is appointed by the Camden County Commission to serve three year terms.

The Board of Directors consists of a cross-section of parents and family members of persons with developmental disabilities, educators, professionals, and other members of the community who act as advocates for our county's citizens with developmental disabilities.

The current makeup of the Board of Directors for Camden County Developmental Disability Resources is as follows: 5 (55.5 %) male and 4 (44.5 %) females.

All Camden County Developmental Disability Resources board meetings are open to the public and are held on the third Monday of the month unless that date is a holiday and then the meeting is held on the fourth Monday of the month.
