Monthly Oral Reports

Our Saviors Lighthouse Child & Family Development Center (OSL) Jessica Jensen (Ed Thomas presented Narrative Report)

There are no written reports in the Board packet this month, but they will be included in next month's packet if received. OSL is still serving 1 client.

I Wonder Y Preschool (IWYP) Wendy Aufdenkamp (Ed Thomas presented Narrative Report)

IWYP is still serving 2 CCDDR clients and looking for more.

Children's Learning Center (CLC) Adrienne Anderson (Ed Thomas presented Narrative Report)

The Step Ahead program is serving 36 children with 26 having special needs or developmental delays. There are 2 1-on-1 children with full time schedules, 3 1-on-1 children with part time schedules, 2 1-on-1 children after school, and 17 day hab children with varying schedules. On August 17th, Adrienne and Megan attended a Daybreak Rotary grant award reception. Adrienne has been awarded as an Ambassador of Hope in the LO Profile magazine. There will be free vision screenings in September. CLC is participating in the Quality Assurance Report through UMKC which will help identify future areas of growth.

Lake Area Industries (LAI) Natalie Couch

LAI has 51 employees with 49 being CCDDR clients and 2 being DESE only. Contract packaging has been very busy with jobs from Keefe, Innovative Procurement, Optic Armor, and Woodland Scenics. The last Laker job is finished. The offsite groups are still doing great. There are 4 people working at Camden on the Lake, 4 people working at Forget Me Not, and 6 working at Laurie Care Center. There is a big event coming up at the Trapshooter's Association that will last all next week. There is also lots of shredding and foam to process.

Volunteers from the school have been stopping by to help. The first load of electronics recycling made around \$2,500. Staff will be attending a tour in Versailles to see their hazardous household materials collection program. Lillie is putting together the required training program and LAI hopes to start collecting in October.

Mums have arrived and they will be available at the hospital again or at LAI. LAI accumulated lots of hours helping with Shootout events and activities. October is National Disability Employment Awareness Month and LAI plans to celebrate. The Tootsie Roll challenge is also coming up in October.

SB 40 Board Member Terms Expiring December 31, 2024

Paul DiBello, Brian Willey, and Elizabeth Perkins each have Board terms expiring December 31st, 2024. All are interested in being reappointed and there were no objections to reappointment from the Board. Ed will generate the form letters expressing interest in reappointment so they can be delivered to the Commissioners.

November 2024 SB 40 Board Meeting Discussion

November is usually a slow month and there is a possibility construction could be in progress at that time if the Board chooses to move forward with renovations. Ed will also be taking his usual annual time off during November.

CCDDR Reports

2024 YTD Agency Performance Measures Summary

Last year was difficult with the turnover, but numbers are holding steady so far in 2024. With all positions filled and multiple SCs in training, 2025 should start out on a much better note. Support Coordinators are meeting their individual goals but struggling to meet the agency overall goals. These are all self-imposed goals.

Angela Richardson thought the survey response numbers still looked low and that an electronic format for surveys could improve those numbers. Ed responded that he is looking at changing up some of the questions and will probably do that before moving to a digital format.

July 2024 Support Coordination Report

CCDDR had 337 clients at the end of July with 10 pending intakes. Today there are 341 clients. Medicaid eligibility is at 84.27%. The percentage of claims billed versus claims collected is 96.59%. Rebilling is occurring regularly, and a lot of the spend-down issues have been resolved; however, spenddown payments have been slow to be posted in the DSS system.

July 2024 Agency Economic Report

Income was slightly higher and the YTD services side slightly lower than projected. The TCM shortfall is not being subsidized with SB Tax funds unless there is a negative cash flow. That is why the income appears low, but the billing itself was higher than projected.

Overall expenses in all categories were lower than budgeted in both programs. Payroll expenses account for 85-88% of total services program expenses. With multiple job openings earlier in the year, those expenses have been below budget.

Motion by Paul DiBello, second Laura Martin to approve all reports as presented.

Open Discussion

Ed let the Board know that Keith Miller just sent him the revised bid documents.

Ed is heavily involved in two issues at the Lake—transportation and housing. He is giving presentations about transportation and mobility management. If anyone knows of an organization that would like a presentation, please let him know.

CCDDR's Housing Voucher Program had to be discontinued a few years ago because of the unaffordability of rent in this area. Ed is Secretary and Co-Founder of the Lake Area Community Development Corporation, which is hoping to develop a participating jurisdiction consortium in order to better access funding to address low-income, workforce housing needs.

Resolutions 2024-20 & 2024-21

camden county sb40 board of directors **RESOLUTION NO. 2024-20**

FISCAL YEAR 2025 BUDGET

WHEREAS, Sections 205.968-205.972 RSMo and subsequent passage by Camden Co. voters of the Senate Bill 40 enabling legislation in August of 1980 allows for the business, property, affairs, administrative control, and management to rest solely with the Camden County SB40 Board of Directors (dba Camden County Developmental Disability Resources).

WHEREAS, Section 205.968, Paragraph 1, defines the Camden County SB40 Board of Directors (dba Camden County Developmental Disability Resources) as a "political subdivision" of Camden County.

WHEREAS, Chapter 67 RSMo outlines specific requirements for a political subdivision's budgets and also requires that a Fiscal Year Budget for the following year must be approved and recorded by a political subdivision.

NOW, THEREFORE, BE IT RESOLVED:

1. That the Camden County Senate Bill 40 Board (dba Camden County Developmental Disability Resources), hereafter referred to as the "Board", concludes that the Executive Director has proposed a Fiscal Year 2025 Budget to the Budget Appropriations Committee; the Budget Appropriations Committee has reviewed and approved the Fiscal Year 2025 Budget for final review and approval by the Board; the Fiscal Year 2025 Budget shall allow the proper business of the Board to be conducted with the best possible practices and in compliance with law; and so that appropriate expenditures can be negotiated and authorized within the guidelines of the budget.

2. That the Fiscal Year 2025 Budget, which is identified in Attachment "A" hereto, shall be adopted as a result of the passage of this Resolution.

3. A quorum has been established for vote on this resolution, this resolution has been approved by a majority Board vote as defined in the Board bylaws, and this resolution shall remain in effect until otherwise amended or changed.

Camden County Senate Bill 40 Board DBA Camden County Developmental Disability Resources (CCDDR) FY 2025 Budget Summary

Budget Overview

Income

Tax Levy Revenue is not expected to increase in 2025. With the passage of SB190 and the adoption of the SB190 ordinance by Camden County, it is currently unknown how much this will impact tax collections. Since there are a considerable number of retired individuals residing in Camden County, the preliminary expectation is that collections will remain about the same as the previous year. Exact tax levy billings were unknown at the time the 2025 budget was produced; therefore, tax revenue was based on the most recently submitted "Pro Forma – State Auditor's Review of Data Submitted" report.

Targeted Case Management (TCM) Revenue for Medicaid TCM services (recorded as Medicaid Services) will fluctuate with the total number of caseloads; however, total caseload counts (Medicaid and non-Medicaid) are projected to stay about the same as 2024. It is not anticipated there will be much Medicaid caseload growth in 2025; however, total caseload growth is quite possible should CCDDR continue to expand its outreach in the community. The current Medicaid TCM rate is \$8.64 per unit (5 minutes), which is \$103.68 per hour. The Department of Mental Health, Division of Developmental Disabilities (DMH/DDD), had historically utilized Uniform Cost Reporting to determine the TCM rate; however, DMH/DDD contracted with Mercer in 2019 to perform a rate study in preparation for the Missouri Medicaid State Plan renewal in 2020 (plan renewal submission to the Centers for Medicare and Medicaid Services occurs every 10 years). The 2019 study indicated the current rate was within the high and low bounds of the determined range at that time. Due to the rapid rise in the Consumer Price Index and escalating provider workforce crisis, DMH/DDD refreshed its previous rate study (contracted again with Mercer) and published the results in November 2022. The results showed the TCM rate was 18.83% below the market rate for TCM services at that time. There has not been an increase in the TCM rate since July 1st, 2015. According to the Bureau of Labor Statistics' CPI Inflation Calculator, the buying power of \$1.00 in July 2015 has the same buying power as \$1.32 in August 2024, which would translate to a 32% reduction in buying power.

In 2017, the TCM Contract allocation formula, aka allocation "cap", in the contract with DMH/DDD was changed to reflect 35 clients per Support Coordinator with a maximum of 120 billable hours per month per Support Coordinator. DMH/DDD's review of billed Medicaid TCM service claims is determined quarterly and finalized at the end of the State Fiscal Year. It is anticipated CCDDR will exceed this "cap" when the final State Fiscal Year totals are provided, which is usually in June or July, if Support Coordinator turnover is stabilized and TCM services billing meets budgeted expectations. Sufficient State revenues are always a topic of concern, and any deficiencies could prompt demands for cuts and/or limited funding requests from each State department, which could ultimately impact DMH/DDD's ability to pay for TCM services. DMH/DDD cannot guarantee future State revenues allocated to TCM services will be sufficient to cover all costs incurred for TCM services; however, there have been no monies owed to DMH/DDD for state TCM budget allocation shortfalls in recent years. In State Fiscal Year 2024, there were no monies owed to DMH/DDD for services; however, it is still entirely possible CCDDR could owe more than the final calculation derived from the allocation formula if the total amounts billed by TCM agencies statewide is significantly higher than the approved State TCM budget.

DMH/DDD's requirement to provide Support Coordination services to individuals not eligible for or not participating in the State's Medicaid programs was removed from the TCM contract in 2018. TCM entities do

have the option to continue providing TCM services to individuals not eligible for the State's Medicaid programs. CCDDR has chosen to continue providing TCM services to individuals not eligible for or not participating in the State's Medicaid programs. CCDDR began separating Medicaid TCM and non-Medicaid TCM revenues (recorded as Non-Medicaid Services) in 2017. In 2023, non-Medicaid clients were reassigned to the Community Resource Coordination Department. Community Resource Coordination service revenues are paid from the SB 40 tax funds based on the total Community Resource Coordination employee and operating costs projected for the fiscal year. However, the non-Medicaid revenues. The budgeted amount of Community Resource Coordination revenues (Non-Medicaid Services) each month is calculated by dividing the total annual projected Community Resource Coordination employee and operating costs by 12.

Administrative expenses related to the SB 40 tax disbursements, SB 40 tax funding contract management, and other SB 40 tax funded programs management are offset through the Ancillary Services revenue, which are paid from SB 40 tax funds. The annual Ancillary Services cost is based on the projected total administrative employee and operating costs for the fiscal year, then allocated proportionally. The budgeted amount of Ancillary Services revenue each month is then calculated by dividing the total annual projected Ancillary Service costs by 12. CCDDR implemented the Ancillary Services funding in 2021.

Expenses

With the adoption of the Proprietary Funding Accounting System, Enterprise Fund Accounting Principle, in 2012, the Agency has embraced specific restricted equity funds to account for expenses on an ongoing basis. Specific funds will be restricted by the Board on an annual basis based on two measures:

- 1. Specific expense accounts savings categorized by the Board in prior fiscal years will be recorded in current and future years to offset expenses incurred because of delayed billing or surplus funds to be utilized for the specific restriction criteria.
- 2. Expense accounts savings not categorized or re-categorized by the Board from positive cash flow in prior fiscal years by the Board will be recorded in current and future years to offset general operational costs, unanticipated changes in system deliveries negatively impacting budgeted items, expand programs or resources, make major purchases, or supplement the Agency's operational reserves requirements as needed.

These measures were implemented to prevent an over-commitment of Board funds and to continually account for actual remaining (if any) restricted fund balances previously allocated for specific services or expenses. Expense accounts have been created to offset costs so that the current Fiscal Year line items are not exceeding approved totals and to identify surplus carryover utilized for those additional expenses. Once the 2024 year-end unaudited financials are determined to be finalized, estimated excess funds available, if any, will be identified and restricted appropriately by the Board.

By year-end 2024, it is projected there will be approximately 335 individuals receiving services from the Board. As stated earlier, caseload counts in 2025 are projected to remain about the same as 2024. Caseload growth, if any, is projected to be minimal, although significant growth is very possible. Measures have been implemented to offset reduced billings in the event service revenues do not meet the levels anticipated. The total number of Medicaid eligible clients peaked in 2015; however, the eligibility percentage reduced significantly at the end of 2016. Significant efforts were undertaken by CCDDR staff beginning in 2017 and bolstered again in 2024 to assist individuals in Medicaid revalidations. Efforts to assist individuals in maintaining Medicaid eligibility will be ongoing.

There were 21 full-time employees working for CCDDR at the time the 2025 budget was produced. The 2025 budget will accommodate the same 21 full-time employees. In 2017, salaries were adjusted and equalized with agencies of similar size so employee retention and employment attraction could be increased. An analysis in

2016 indicated salaries for 61% of the staff positions at CCDDR were comparatively less than the averages of agencies with similarly sized budgets and statewide averages. A subsequent analysis was completed in 2019, which showed current agency wages at the time were comparable and competitive. Since the beginning of the COVID-19 pandemic (in 2020), CCDDR has struggled to maintain a full complement of Support Coordinators. The job market has become increasingly competitive since the beginning of the COVID-19 pandemic, and the Consumer Price Index has increased significantly. In the first quarter of 2022, a new analysis indicated CCDDR needed to increase its starting wages for Support Coordinators to remain comparable and competitive with other similar employers; therefore, CCDDR increased its overall Support Coordination wage pool total by 13% in the second quarter of 2022 to stay ahead of forecasted increases in the Consumer Price Index. The total increase included a significant increase in the starting wage for a new Support Coordinator and significant increases in existing Support Coordinators' wages so wage compression could be avoided. CCDDR is now more comparable and competitive to other similar agencies with similarly sized budgets and is paying all of its employees comparably to the statewide averages for all TCM agencies; however, CCDDR will continue to seek opportunities to enhance employee retention and stability. CCDDR utilizes existing public State and Federal data and salary surveys from providers contracted by the Missouri Association of County Developmental Disabilities Services (MACDDS) in determining CCDDR's current salary structures and wage adjustments.

According to the Bureau of Labor Statistics, the Consumer Price Index showed a 2.5% increase for the 12 months ending August 2024. CCDDR did implement a 3.7% cost-of-living increase in January 2024; however, performance-based increases up to 3% were not initially implemented due to revenue shortfall concerns. In June 2024, a cash flow projection analysis revealed that CCDDR could implement performance-based increases without causing budget shortfalls by year-end; therefore, performance-based increases retroactive to January 2024 were implemented in July 2024. These increases in wages have helped to stabilize employee turnover. Unfortunately, it is not recommended that there be any wage increases implemented in January 2025. A TCM rate increase is likely not to occur, and DMH/DDD has indicated the next TCM rate review is not scheduled until 2027. However, it is recommended that a cash flow projection analysis be conducted in July 2024 to determine if revenues exceed expectations, the state year-end DMH/DDD TCM allocation reports reflect CCDDR did not exceed the TCM allocation "cap" or there were enough remaining funds in the state TCM budget to cover all TCM services provided statewide, and/or there is a TCM rate increased implemented. A decision can be made at that time whether wage increases can be implemented through passage of a revised budget.

Current Programs, Facilities, and Community Partnerships

The Housing Voucher Program (HVP) was launched in January 2014. The program was architected based on the Section 8 Choice Voucher Program as administered by the United States Department of Housing and Urban Development (HUD). Eligibility and guidelines for participation were similar to the HUD Section 8 Choice Voucher Program; however, there were also certain distinct differences relative to the characteristics of CCDDR clients and their families. Funding for the HVP came from the SB 40 tax funds, and only Camden County residents who are eligible for and participate in CCDDR services were eligible for participation in the HVP. HVP guidelines were changed in 2019, which reduced the number of eligible participants by 2023. The reduction in active vouchers over the past several years resulted from increasingly difficult CCDDR budget constraints and a lack of affordable housing available in Camden County. Tax Levy Revenue has particularly been strained because the percentage increases in annual revenues have been significantly lower than the percentage increases in CCDDR program operational and/or other service-related costs as well as the need to continually fund critical legacy program support services in Camden County. All active vouchers were terminated upon the expiration of participants' leases in 2023. Unfortunately, it is recommended funding for the HVP continue to be suspended in 2025 due to budgetary constraints and the lack of affordable housing. It is also recommended the program continue to remain inactive indefinitely until funding can be restored and sustained. CCDDR will continue to work with the Lake Area Community Development Corporation (LACDC), Missouri Ozarks Community Action Agency (MOCA), and other stakeholders to identify affordable housing opportunities for its clients.

CCDDR successfully established a Transportation Task Force in 2016, which included multiple community partners and led to the creation of a new non-profit entity called Lake of the Ozarks Transportation Council (LOTC). LOTC is comprised of multiple community stakeholders, including CCDDR, OATS, MOCA, and Lake Area Industries (LAI). CCDDR also provided funding for an extended weekday and weekend transportation program in 2017, which operated seven days per week, and a deviated route program between Camdenton and Osage Beach in 2019, which operated five days per week. Tax Levy Revenue has particularly been strained because the percentage increases in annual revenues have been significantly lower than the percentage increases in CCDDR program operational and/or other service-related costs as well as the need to continually fund critical legacy program support services in Camden County. Funding for the extended weekday and weekend transportation and deviated route services were suspended in 2023. Unfortunately, it is recommended CCDDR's funding for additional transportation support services continue be suspended in 2025 due to budgetary constraints. It is also recommended funding these programs continue to remain suspended indefinitely until new funding sources can be identified. Lack of transportation continues to be a significant barrier to competitive integrated employment and community inclusion. CCDDR will continue to work with LOTC, OATS, the Missouri Transportation Task Force, and other stakeholders to identify new transportation funding sources and programs.

CCDDR formally adopted guidelines for the Medicaid Spenddown, Ticket-to-Work, and Other Medicaid Premium Assistance Program in 2019, although CCDDR had been paying spenddowns, ticket-to-work, and other Medicaid premiums on behalf of some clients since the agency's creation. The guidelines were originally developed to ensure critical support services would not be interrupted due to financial hardships for those required to pay spenddowns and other Medicaid premiums. In 2020, the State suspended requirements for paying spenddowns and other Medicaid premiums during the COVID-19 pandemic so that the State could be eligible to receive enhanced Federal Medical Assistance Percentage (FMAP) payments (6.2% increase). CCDDR had not paid spenddowns or other premiums on behalf of its clients since the enhanced FMAP payments were implemented in 2020. At the time of the State's suspension of spenddown and other Medicaid premium payments, there were seven program participants. In 2023, spenddowns and other premiums were reimplemented after the COVID-19 Emergency Declaration ended. CCDDR suspended the program in 2024 due to budgetary constraints. Tax Levy Revenue has particularly been strained because the percentage increases in annual revenues have been significantly lower than the percentage increases in CCDDR program operational and/or other service-related costs as well as the need to continually fund critical legacy program support services in Camden County. Unfortunately, it is recommended CCDDR's funding for the Medicaid Spenddown, Ticket-to-Work, and Other Medicaid Premium Assistance Program continue to be suspended in 2025 due to budgetary constraints. It is also recommended the program continue to remain inactive indefinitely until funding can be restored and sustained.

The Camdenton office was purchased in 2005, and renovations were completed in 2010. There are currently several improvements needed, which include parking lot expansion, new landscaping, HVAC replacements, interior painting, and interior floor covering replacements. Rapid agency growth from 2012 to 2014 created office space constraints. The agency needed more space to accommodate the need for more employees; however, Children's Learning Center (CLC) already occupied (and still occupies) half of the available Camdenton office space. CLC was (and continues to be) unable to relocate, and CLC provides critical support services for many CCDDR clients; therefore, another office was needed to house administrative support personnel. Consequently, CCDDR secured a lease for an office in Osage Beach in 2014. The building and property leased in Osage Beach was sold to Lake Regional Health System in 2021. Lake Regional Health System (LRHS) notified CCDDR in 2023 that it will not be renewing or securing new leases with tenants; therefore, relocation was deemed necessary. In August 2023, LRHS and CCDDR signed an agreement that allowed CCDDR to vacate the Osage Beach office with no additional requirement to pay for the leased premises throughout the remainder of the lease term, and LRHS agreed to reimburse CCDDR for its expenses associated with vacating the Osage Beach office until June 2024. CCDDR subsequently vacated the Osage Beach office in September 2023.

The Keystone property was purchased in July 2014. Over the past few years, the Board restricted funds for improvements to the existing facilities on the property. These improvements began in 2017, and it is CCDDR's intent to continue implementing improvements throughout 2025, including renovations designed to accommodate moving most of CCDDR's employees from the Camdenton office. The renovations to Keystone will also allow staff who occupied the Osage Beach office to occupy the Camdenton office. In 2022, CCDDR published a Request for Proposals (RFP) for Architectural and Construction Management Services to determine if renovating the Keystone facility was feasible. The RFP process was completed, and Columbia Associates was procured. In 2023, it was determined renovations to the Keystone facility were feasible, and the renovations are expected to be completed in 2025 if project costs do not exceed CCDDR's budgetary expectations. A final decision on the Keystone facility renovations had not been made at the time the 2025 budget was produced.

In 2019, CCDDR collaborated with the Missouri Inclusive Housing Corporation, local developers, local builders, investors, municipal leaders, and other community stakeholders to develop a housing initiative to promote affordable housing development and adopt Universal Housing Design construction concepts. As a result of these efforts, another new non-profit entity, LACDC, was created. LACDC's efforts and resources will be committed to developing affordable, Universal Design concept housing. Accessible and affordable housing continues to be an issue in Lake Area communities. CCDDR will remain actively involved in the organization's activities and programs.

In 2022, CCDDR partnered with the University Missouri – Kansas City (UMKC) on a program to improve the health of people with mobility limitations and intellectual/developmental disabilities through a Centers for Disease Control and Prevention (CDC) grant awarded to UMKC. CCDDR was one of five sub awardees and assigned specific employees to be the community linkage coordinators for the five-year grant period. This grant funded the following activities:

- Establish, expand, and enhance partnerships with organizations serving adults with disabilities
- Conduct community needs assessments to identify gaps in resources and tools
- Identify action steps to fill those gaps
- Administer and evaluate training for providers on accessible preventive health care
- Administer and evaluate a demonstration project to link adults with intellectual/developmental disabilities to preventive health care and health promotion programs in the community
- Implement and evaluate evidence-based health promotion interventions, as well as policy, system, and environmental changes
- Develop resources and tools to address health disparities among adults with intellectual/developmental disabilities and mobility limitations
- Disseminate key findings and lessons learned

Year one of the grant began on February 1, 2022, and ended on July 31, 2022. Year two began on August 1, 2022, and ended on July 31, 2023, Year three began on August 1, 2023, and ended on July 31, 2024. The desired outcomes of the grant are:

- Improvements in the number of providers offering accessible preventive health care
- Reducing unmet preventive health care needs, including mental health
- Improvements in health behaviors and wellness
- Reducing chronic conditions and risk factors

In 2023, UMKC awarded an additional mini grant in the amount of \$9,000 to CCDDR in hopes of establishing a Mobility Coordination (a.k.a. Mobility Management) program for its clients. The mini grant has funded activities, such as Mobility Management training for CCDDR employees, community education activities, community awareness activities, and community outreach activities. CCDDR successfully started its Mobility

Coordination program in January 2024. Another CCDDR goal was to foster and develop new collaborations and partnerships with community health providers, which would create new opportunities to improve the overall health and wellness for all CCDDR clients. Although CCDDR had to suspend its participation in the community linkage coordination grant activities in 2024 due to a lack of CCDDR clients' participation, CCDDR has been successful in bringing awareness to transportation barriers through its Mobility Coordination program.

Because of its community education, awareness, and outreach efforts about the barriers to transportation and transportation services, CCDDR did successfully establish a partnership with the Lake of the Ozarks Council of Local Government (LOCLG) and OATS that led to another grant opportunity. In 2023, LOCLG, CCDDR, and OATS successfully applied for and were awarded the National Centers for Mobility Management (NCMM) Community Transportation Design Challenge Grant. LOCLG was identified as the lead agency for the grant, while CCDDR and OATS were identified as the co-lead agencies for the grant. Due to LOCLG staff turnover, CCDDR was eventually identified as the new lead agency for the grant. The NCMM Community Transportation Design Challenge Grant was the first of three grants offered by NCMM that provided the funding needed for the design creation, design feasibility study, and design implementation pilot of a new yet to be determined transportation service/support program in the Lake Area. The NCMM Community Transportation Design Challenge Grant period began in October 2023 and ended in April 2024. Although the design implementation pilot proposed was not chosen to move forward to the next phase of grant opportunities, CCDDR was able to obtain valuable knowledge and raw data needed for future transportation project opportunities.

It is CCDDR's intent to maintain the agency's presence in the community during 2025. An emphasis will be placed on increasing children's services, youth transition services, competitive integrated employment opportunities, affordable/accessible housing opportunities, transportation services, preventive health/wellness opportunities, and other multiagency collaborations designed to achieve common goals.

Challenges

The continuation of current programs, expansion of services, development of new programs, and investment in new programs will have its challenges. Success will depend on clients', client families', provider network, political, business, and public support. Combined with ongoing legislators' efforts to reduce and/or eliminate real property and personal property taxes, competitive State funding needs, ongoing increases in costs to provide services, workforce shortages, and ongoing overall workforce issues, this will add anxiety to an already stressed service support network. In 2024, DMH/DDD implemented a "wait list" for all new Waiver slots. It's been several years since there has been a "wait list" for services in Missouri. Missouri General Revenue collection trends continue to show signs of slowed growth, and many organizations are projecting there will be significant State budget concerns during the next five State fiscal years. The "wait list" will also place added pressure on CCDDR to seek services funded by alternative sources and/or fund crisis-mitigating services while clients wait to receive a Waiver slot. CCDDR is taking aggressive steps to improve services for its individuals; however, uncontrollable and/or unpredictable factors may delay or hinder new programs and endeavors from evolving.

TCM program funding will be contingent upon CCDDR maintaining full Support Coordination staffing levels, retention of experienced Support Coordinators, total CCDDR caseloads, increases in the TCM rate, and State General Revenue allocations. The MACDDS TCM Contract Committee will continue to work with DMH/DDD on revising the TCM Agreement to eliminate the allocation "cap", which could reduce the risk of additional expenses in the event DMH/DDD does invoice CCDDR for TCM services paid that exceed the allocation "cap" during any State fiscal year. DMH/DDD also continues to research and develop possible performance-based payment systems for TCM services. According to DMH/DDD, full implementation of the State's new TCM software system (ConneXion) isn't scheduled to begin until after 2027. Once implemented, all TCM agencies must utilize ConneXion, which will remove TCM agencies' ability to control their own

billing cycles. The full impact of ConneXion on TCM services and payment for TCM services rendered is still unknown, which is causing a great deal of anxiety with TCM agencies.

Funding agreements with LAI, CLC, Our Saviors Lighthouse Child and Family Development Center (OSL), and I Wonder Y Preschool (IWYP) will remain focused on the purchase of services and/or supports (POS) model instead of financial performance projections. The POS agreements identify service and/or support rates payable after the services and/or supports are rendered. This will allow these contracted agencies to have flexibility in managing their operations if unanticipated challenges arise during the year. The POS agreements will also provide funding to the agencies if the need or demand for services increases to levels not anticipated and will promote new or additional services and/or supports to existing or new eligible clients. The POS agreements will not have maximum funding amounts established; therefore, CCDDR will be subject to the risk of funding the agencies in amounts which will exceed the budgeted expectations. However, if SB 40 tax funding cannot meet the increasing demand for those agencies' services, CCDDR may need to implement a "wait list" for CCDDR-funded services as well as adopt "wait list" policies and procedures. Rates in the LAI, CLC, OSL, and IWYP POS Agreements were increased by 13% in 2023 to accommodate increases in the costs of day-to-day operations and provisions of services and/or supports. In June 2024, OATS also increased its transportation service rate. Should OATS continue to raise its transportation service rate, CCDDR may need to seek alternative transportation options for its non-Medicaid clients employed at LAI due to budgetary constraints.

Since the beginning of 2012, the total number of CCDDR clients has increased 142% (as of the date the 2025 budget was produced), but annual budgeted Tax Levy Revenue has only increased an average of 2.33% per year from 2015 to 2022. It is very likely CCDDR will continue to struggle to meet the increasing funding demands for services and supports, especially if threats to reducing SB 40 real property and personal property tax revenues are not mitigated. CCDDR continues to provide and fund a substantial amount for services and programs for its clients; however, funding capacities will remain stressed. Actual expenses in 2025 could easily be affected by a multitude of uncontrollable and unpredictable circumstances.

Link to Strategic Plan

The Fiscal Year 2025 Budget is a representation of CCDDR's Strategic Plan. CCDDR is aggressively pursuing new community partnerships, improving existing partnerships, and promoting successful community inclusion outcomes for its clients. CCDDR intends to set the precedence for "grassroots" support system development, improving local support service availability, and addressing service and support needs of CCDDR's clients and their families.

<u>Protective Health Information (PHI)</u>: Individually identifiable health information that is transmitted or maintained in any form or medium by a covered entity, health plan, or clearing house as defined under the Health Insurance Portability and Accountability Act (HIPAA 45 CFR part 160 and 164).

<u>CCDDR Privacy Officer</u>: CCDDR's Executive Director and/or designee assigned by the Executive Director.

I. Notices of Privacy Practices

- A. At the date of the first delivery of, appearance for service at the CCDDR facility, or application for services (even those services received electronically with CCDDR), the client or their legal guardian or parent (if a minor) should be presented with the Department of Mental Health (DMH) Notice of Privacy Practices and the CCDDR Notice of Privacy Practices. This is considered the initial contact between the client and CCDDR. The sending of an application packet is not considered the initial contact. When the client is presented with the Notices of Privacy Practices, CCDDR will make every effort to obtain written acknowledgment of receipt for the Notices of Privacy Practices.
 - 1. Documentation of acknowledgment on the current Notices of Privacy Practices' acknowledgement sheet that such Notices have been presented to a client (or their legal guardian or parent, if a minor) for review must be signed and placed in the client's record. The full Notices of Privacy Practices are then given to the client.
 - 2. If CCDDR does not obtain the acknowledgment, then CCDDR will document its good faith efforts to obtain the acknowledgment and document the reason(s) why the acknowledgment was not obtained on the acknowledgment form for the Notices of Privacy Practices.
 - 3. In emergency treatment situations, the Notices of Privacy Practices and a good faith attempt to have the client sign the Notices Acknowledgement Form should be

initiated at admission or prior to dismissal, whichever is sooner. If personal contact is not possible, the Notices of Privacy Practices can be mailed for client signature.

- B. A copy of the Notices of Privacy Practices is given to each client at their annual plan meeting. This provides clients the opportunity to discuss privacy practices with their Support Coordinator.
- C. Whenever the Notices of Privacy Practices are revised, the revised Notices must be made available upon request by a client.
- D. CCDDR's Privacy Officer or designee will be responsible for ensuring that CCDDR employees are trained regarding the Notices of Privacy Practices.

- D. For situations where PHI use and disclosure or PHI requests occur on a routine and recurring basis, the CCDDR Privacy Officer or designee will issue directives as to what information constitutes the minimum necessary amount of PHI needed to achieve the purpose of the use, disclosure, or request.

- E. Virus protection for the CCDDR network shall be maintained by the IT manager/consultant.
- F. The CCDDR workforce shall not load software, from any source, on to their assigned workstation without prior authorization from the Executive Director. This software includes, but is not limited to, software from the internet, a CD, or other external device or media. Software must be approved by the Executive Director prior to being loaded on workstations.

X. Client/Guardian Right to Amend PHI

- A. A client, parent of a minor, and personal representative or legal guardian, as relevant to the client's representation, who believes information in the client's health records is incomplete or incorrect may request an amendment or correction of the information as outlined below:
 - 1. For minor discrepancies (i.e. typos, misspelled name, wrong date, etc.), the client may approach the author of the entry, point out the error, and ask the author to correct it.
 - a. If the entry author agrees, the entry can be corrected according to best documentation practices by drawing a single line through the error; adding a note explaining the error (such as "wrong date" or "typo"); date and initial it; and make the correction as close as possible to the original entry in the record.
 - b. Any information added to a Person-Centered Plan in the regular course of business is not considered an amendment. An example would be when a client provides the name of a new private physician or other professional whom the client sees in the community.
 - 2. All other requests for amendment to PHI shall be in writing and provide a reason to support the amendment. Specifically, any request should be supported by documentation of any incorrect information or incomplete information.
- B. The "Request to Amend Protected Health Information" form shall be provided to facilitate the request. CCDDR may assist in initiating the process requesting amendment to PHI and a copy shall be provided to the client.
- C. All requests for amendment of PHI must be forwarded to the CCDDR Privacy Officer or designee, who will route the original request to the author of the PHI or the individual's supervisor. If the author choses to add a comment to the request form, a second copy of the form will be given to the client with the author's comments.

- D. This request shall be processed in a timely and consistent manner according to established timeframes but not more than 60 days after receipt of the request.
- E. If the request for amendment cannot be processed within the 60 days, the timeframe may be extended no more than an additional 30 days with notification in writing to the individual outlining the reasons for the delay and the date the request will be concluded.
- F. If a client with a guardian requests an amendment, a letter is to be sent to the guardian stating that the client is requesting an amendment, and further requesting that the guardian complete the request for amendment form.
- G. If the request is granted, CCDDR shall:
 - 1. Insert the amendment or provide a link to the amendment at the site of the information that is the subject of the request for amendment, and then document the change in the same section of the record as the original information.
 - 2. Inform the client that the amendment is accepted.
 - 3. Obtain the authorization of the client to notify all relevant persons or entities with whom the amendment needs to be shared.
 - 4. Within 60 days, make reasonable efforts to provide the amendment to the persons identified by the client, and any persons, including business associates, that CCDDR knows has been provided the PHI that is the subject of the amendment and who may have relied on or could foreseeably rely on the information to the detriment of the client.
 - 5. If the amendment affects a service for which billing or a charge has already been submitted, then the billing must be reviewed to see if it should be amended or changed as well to reflect the new information.
- H. CCDDR may deny the request for amendment to PHI if:
 - 1. The information was not created by CCDDR. However, if the client can provide reasonable proof that the person or entity that created the information is no longer available to make the amendment, and the request is not denied on other grounds, CCDDR must amend the information.
 - 2. The information is not part of the medical information kept by or for CCDDR.
 - 3. The information is not part of the information that the client would be permitted to inspect and copy (for specifics on client's access to PHI, see DMH DOR 8.030).
 - 4. The information is accurate and complete.
- I. If CCDDR denies the requested amendment, it must provide the client with a timely, written denial, written in plain language that contains:
 - The basis for the denial
 - The client's right to submit a written statement disagreeing with the denial and how the client may file such a statement

- The name, title, address, and telephone number of the person to whom a statement of disagreement should be addressed
- The steps to file a complaint with the Department of Health and Senior Services.
- A statement that if the client does not submit a statement of disagreement, the client may request that CCDDR provide the request for amendment and the denial with any future disclosures of PHI
- A copy must also be provided to the guardian, if applicable; to parent(s), if applicable; or to Department of Social Services if that agency has legal and physical custody of the juvenile
- J. Clients shall be permitted to submit to CCDDR a written statement disagreeing with the denial of all or part of a requested amendment and the basis for the disagreement. This statement of disagreement shall be limited to one page.
 - 1. The statement of disagreement will be submitted in writing to the CCDDR Executive Director.
 - 2. CCDDR may prepare a written rebuttal to the statement of disagreement and must provide the client with a copy of the rebuttal.
 - 3. CCDDR must identify the record of PHI that is the subject of the disputed amendment and append or link the request for an amendment, the denial of the request, the individual's statement of disagreement, if any, and the CCDDR rebuttal statement, if any.
- K. If the client has submitted a statement of disagreement, CCDDR must include the documents or an accurate summary of the information, with any subsequent disclosure of the PHI to which the disagreement relates.
- L. If the client has not submitted a written statement of disagreement, CCDDR must include the client's request for amendment and its denial or an accurate summary of the information with any subsequent disclosure of PHI only if the client has requested it.
- M. If CCDDR receives information from another source of an amendment of a client's PHI, the PHI from the sending facility must be amended in written or electronic form.

XI. <u>Request to Restrict PHI</u>

- A. Clients shall indicate their request for restriction on the use or disclosure of their PHI using the "Request for Restrictions on the Use and/or Disclosure of Protected Health Information" form.
- B. The requested restrictions must be provided in writing as well as signed and dated by the client or legal representative.
- C. The CCDDR Privacy Officer or designee must receive the written request. The Privacy Officer or designee, in consultation with the Executive Director or DMH Privacy Officer or designee, will determine whether it will be approved using the following procedure:

- 1. If approved, CCDDR must implement the restriction.
- 2. The CCDDR Privacy Officer or designee will identify the restriction on the face sheet of the client's confidential file.
- 3. CCDDR's agreement or refusal of the request shall be documented on the request form as well as signed and dated by the Privacy Officer or designee.
- 4. The original will be filed for permanent retention.
- 5. A copy of the approved or denied form will be provided to the client.
- D. CCDDR may terminate the agreement to a restriction if:
 - 1. The client agrees to or requests the termination in writing.
 - 2. The client orally agrees to the termination and the oral agreement is documented.
 - 3. CCDDR informs the client that it is terminating its agreement to a restriction and that such termination is only effective with respect to PHI created or received after it has so informed the individual.
 - 4. When any of the above criteria are met, the restriction will be removed, and the form will be dated and signed by the Privacy Officer or designee.
 - 5. If the restriction was identified on the face sheet of the client's confidential file, that identification shall be removed by the Privacy Officer or designee.
- E. If CCDDR has agreed to the restriction, but the client who requested the restriction needs emergency treatment and the restricted PHI is needed to provide the emergency treatment, CCDDR may disclose that PHI to a health care provider to provide such treatment.
- F. If such PHI is disclosed in an emergency, CCDDR must require that the health care provider to whom the information was disclosed not further use or disclose that PHI. Failure of staff to comply or assure compliance may result in disciplinary action, including dismissal.

XII. <u>Client Right to Access or Receive a Copy of PHI</u>

- A. A client who has or is receiving services from CCDDR, parent of a minor, and legal representative or legal guardian as relevant to their representation, must request in writing for access to inspect or receive copies of PHI, except in those instances covered by federal regulation and outlined in the Notices of Privacy Practices acknowledged at admission, and must further specify the exact information requested for access.
- B. The "Request to Access or Receive a Copy of Protected Health" form shall be provided to facilitate the request. CCDDR personnel may assist in initiating the process requesting access to PHI.
- C. All requests by clients and their legal representatives for PHI must be forwarded to the Privacy Officer or designee for action.

- D. If it is acceptable after discussion with the client, CCDDR may provide a summary of the PHI to the client. If the summary is acceptable, CCDDR shall determine the appropriate staff to provide that explanation to the client. The client's agreement to a summary shall be documented in writing in the record as a check in the appropriate box in the "Request To Access or Receive a Copy of PHI" form. The form shall be filed in the client's confidential file.
- E. This request shall be processed in the format requested (i.e. microfiche, computer disk, etc.), if possible, and in a timely consistent manner according to established timeframes but not more than 15 days after receipt of the request. If the record cannot be accessed within the 15 days, the timeframe may be extended for no more than an additional 15 days with notification in writing to the individual outlining reasons for the delay and the date the request will be concluded.
- F. Requests for Access to PHI may be denied without a right to review as follows:
 - If the information conforms to one of the following categories: psychotherapy notes; information compiled for use in a civil, criminal or administrative action or proceeding; or information that would be prohibited from use or disclosure under the Certified Laboratory Information Act (CLIA) laws and regulations
 - If the client is participating in research related treatment and has agreed to the denial of access to records for the duration of the study
 - If access is otherwise precluded by law
 - If the information was obtained from someone other than a health care provider under a promise of confidentiality and the access requested would be reasonably likely to reveal the source of the information – all Victim Notification and Duty To Warn forms, as well as any other documentation that contains demographics of victims or potential victims shall be removed before any review of the record by anyone not employed by CCDDR, and if the CCDDR employee is a client worker, then the information shall be removed before any review of the record
 - If CCDDR has been provided a copy of a court order from a court of competent jurisdiction which limits the release or use of PHI
- G. Requests for Access to PHI may be denied provided the individual is given a right to have the denial reviewed as follows:
 - 1. A licensed health care professional based on an assessment of the circumstances, determines that the access requested is reasonably likely to endanger the life or physical safety of the client or another person.
 - 2. CCDDR may deny the client access to PHI if the information requested refers to someone other than the client and a licensed health care professional has determined that the access requested is reasonably likely to cause serious harm to that other person.
 - 3. CCDDR may deny a request to receive a copy or inspect PHI by a personal representative of the client if CCDDR has a reasonable belief that the client has been or may be subjected to domestic violence, abuse, or neglect by such person; treating

such person as the personal representative could endanger the individual; and CCDDR, exercising professional judgment, decides that it is not in the best interest of the client to treat that person as the client's personal representative.

- H. Upon denial of any request for access to PHI, in whole or in part, a written letter shall be sent to the client, or other valid representative making the request for access, stating in plain language the basis for the denial.
 - 1. If the client has a right to a review of the denial, the letter shall contain a statement of how to make an appeal of the denial including the name, title, address, and telephone number of the person to whom an appeal should be addressed.
 - 2. This letter shall also address the steps to file a complaint with the Secretary of HHS.
 - 3. If the information requested is not maintained by CCDDR, but it is known where the client may obtain access, CCDDR must inform the client where to direct the request for access.
- I. A client, parent of a minor, or guardian of a client has the right to appeal the decision to withhold portions or all the record for safety or confidentiality reasons as follows:
 - 1. The appeal shall be submitted in writing to the CCDDR Privacy Officer or designee, who will designate a licensed health care professional.
 - 2. The designated licensed health care professional who did not participate in the original decision to deny access shall review the record and the request for access to the client's record.
 - a. The reviewer must determine if access meets an exception.
 - b. If the reviewer determines that the initial denial was appropriate, the client must be notified in writing, using plain language that the review resulted in another denial of access. The notice must include the reasons for denial and must describe the process to make a complaint to the Secretary of HHS.
 - c. If the denial was not appropriate, the licensed health care professional who acts as the reviewer shall refer the request to the CCDDR Privacy Officer or designee for action.
 - 3. If access is denied to any portion of the PHI, access must still be granted to those portions of the PHI that are not restricted.
 - 4. CCDDR is bound by the decision of the reviewer.
- J. If CCDDR provides a client or legal representative with access, in whole or in part, to PHI, CCDDR must comply with the specifications as outlined in federal regulations to the extent of CCDDR's capabilities and as identified in the Notices of Privacy Practices.
 - 1. Requested information must be provided in designated record sets.
 - 2. If the requested information is maintained in more than one designated record set or in more than one location, CCDDR only needs to produce the information one time in response to the request.

- 3. CCDDR may provide a summary or explanation of the requested PHI if:
 - The client agrees in advance to the summary or explanation in place of the record
 - The client agrees in advance to any fees imposed for the summary or explanation
- 4. If the requested information is maintained electronically and the client requests an electronic or faxed copy, CCDDR must accommodate the request if possible and should explain the risk to security of the information when transmitted as requested.
- 5. If the information is downloaded to a computer disk, the client should be advised in advance of any charges for the disk and for mailing the disk. CCDDR shall establish a reasonable cost for the duplication of this information on a disk.
- 6. If the information is not available in the format requested, CCDDR must produce a hard copy document or other format agreed upon by the client and CCDDR.
- 7. Clients can now request a provider to submit an access request for PHI to another healthcare provider within Electronic Health Records, as long as:
 - a. The requests are limited to direct electronic copies of PHI to a third party
 - b. Request should be "clear, conspicuous and specific"
- K. CCDDR shall provide the access requested in a timely manner and arrange for a mutually convenient time and place for the client to inspect the PHI or obtain copies, unless access by another method has been requested by the client and agreed to by the CCDDR. Any requests for accommodations shall be sent or given in writing to the Privacy Officer or designee.
- L. The fee charged will be compliant with current Missouri statute (See Section 191.227, RSMO) and federal law.
- M. CCDDR will post an estimated fee schedule on the CCDDR website and provide itemized bills for completed requests. PHI must be provided free of charge during in person viewing.
- N. Clients and/or their guardians may take notes and take pictures of their PHI. CCDDR will not allow any personal devices to be connected to CCDDR information systems.
- O. The PHI of a deceased client may only be released via a Probate Court order from the County Circuit Court where the deceased resided or from another Probate Court in the state of Missouri.
- P. Upon request to obtain information, the Privacy Officer or designee shall ask for a copy of the Probate Court Order.
- XIII. Workforce Compliance
 - A. CCDDR workforce members shall be granted access to PHI, whether written, electronic, or verbal in nature, in accordance with state and federal law (HIPAA, P.L. 104-191; 42 CFR Part 2 et seq.) and other relevant CCDDR policies. Such access shall be limited to

the minimum necessary amount of PHI to accomplish the purpose of any requested use or disclosure of PHI (e.g. to the amount of PHI the employee or workforce member needs to know in order to accomplish their job or task). In addition, communications between workforce members which involve PHI shall also be considered confidential and should not take place in public areas. If it is absolutely necessary to conduct such conversations in public areas, reasonable steps shall be taken to assure the confidentiality of the PHI.

- B. Client PHI can be taken outside the office building with specific authorization from the Privacy Officer or designee upon receipt of a court order which subpoenas the records or if a record is being transported to the DMH Regional Office due to discharge or transfer of a client.
- C. If PHI in any form is lost or stolen, the Privacy Officer or designee should be notified as soon as practical, but no later than two (2) business days after the loss is discovered, in order for the Privacy Officer or designee to initiate the mitigation process.
- D. The CCDDR workforce members shall be informed of their obligations with respect to PHI in accordance with CCDDR by mandatory participation in HIPAA Privacy Training.
- E. The CCDDR workforce members that receive or maintain PHI shall be required to agree to the protection of such PHI in accordance with the state and federal laws as set forth above. These workforce members shall sign a HIPAA Confidentiality Statement. A copy of the signed confidentiality statement shall be maintained in the personnel file of CCDDR staff or volunteers.
- F. Visitors to CCDDR are not required to sign the confidentiality agreement. However, a copy of the confidentiality agreement shall be located next to the visitor sign-in materials and available for review by each visitor.
- XIV. Mandatory Training
 - A. All employees of CCDDR are given a packet regarding HIPAA rules at new hire orientation. After HIPAA information has been reviewed by CCDDR employees, a test is given on the information covered in packet and results of the tests are discussed with the individual. Additional HIPAA training is covered in mandatory courses required by DMH.
 - 1. Trainings shall be conducted at the CCDDR facility or designated location.
 - 2. Additional mandatory privacy training shall be scheduled whenever there is a material change in DMH privacy policies or procedures as determined by the DMH's Privacy Officer or designee.
 - 3. Periodic mandatory security training shall be scheduled as determined by the DMH's Security Officer.
 - B. CCDDR employees shall receive training as part of their initial employee orientation. The content for the HIPAA new employee orientation shall be the same as listed in

paragraph A. However, any interactive exercises, or supplemental videos, will not be required content for new employee orientation. HIPAA new employee orientation must take place within 30 days of the date of hire.

- C. Volunteers, students, and contract employees for CCDDR on a regular course of business shall also be required to receive training as a part of their initial CCDDR orientation (also known as the new employee orientation course). The content for the HIPAA initial CCDDR orientation shall be the same as listed in paragraph A to this policy excluding mandatory courses required by DMH. However, any interactive exercises, or supplemental videos, will not be required content for initial CCDDR orientation. Such training must be done within 30 days of the initial date that the person presents for service.
- D. The CCDDR Privacy Officer or designee shall identify groups or individuals who, due to the nature of their job function within CCDDR, will require in-depth training related to HIPAA and CCDDR's policies, and then provide that specialized training.
- E. Documentation of Mandatory HIPAA Training shall be recorded by the CCDDR Privacy Officer or designee.

XV. Field Practices

- A. PHI that is unattended shall be secured in a manner to protect such information from persons without authorized access to this PHI.
- B. Vehicles containing any PHI shall be kept locked while unoccupied. PHI shall be kept locked in the trunk of the vehicle, when possible. In the event of extreme temperature situations, an electronic device (laptop, digital device/assistant, etc.) containing PHI shall be maintained in the temperature-controlled cab in a case while the vehicle is occupied.
- C. In the event of a vehicle accident, any CCDDR employee who suspects there is PHI in the vehicle shall make every reasonable attempt to make sure that the PHI is not accessible to anyone who does not need to have access to it, after assuring the health and safety of any individual(s).
- D. Upon an employee leaving an area where they have materials containing PHI (e.g. to use the restroom), the employee shall take the materials with them or ensure that the area is protected from viewing by those without authorization by locking the area, informing CCDDR personnel if they are CCDDR records, and/or using some other reasonable intervention.
- E. Electronic devices containing PHI and other forms of PHI shall not be left in a hotel room for the day when cleaning services are expected. Upon leaving the hotel, employees shall take these items with them, ensure they are locked in the valuables area at the front desk, or locked in a safe in the room, if one is available. Should this not be possible, each

document that is contained on the laptop shall be password protected on an individual basis.

- F. Employees shall travel in the field taking only PHI necessary to carry out their duties.
- G. Any documentation or equipment, such as laptops, briefcases, etc., that may contain PHI shall be secured from access by those without authorization to the PHI. This includes all locations including an employee's home. Again, each document that is contained on the laptop shall be password protected on an individual basis.
- H. Data contained on all laptops, etc., should be backed-up to a encrypted storage device or to the network when at all possible to avoid loss of valuable PHI.
- I. If PHI in any form is lost or stolen, the CCDDR Privacy Officer or designee should be notified as soon as practical, not to exceed two (2) business days, in order to initiate the mitigation process.
- J. PHI that is potentially within view of others, even if CCDDR staff is present, shall be protected in a manner that such information is not communicated to persons without authorized access to this PHI:
 - 1. All PHI within a vehicle shall be maintained so as to protect from plain view through the windows of the vehicle.
 - 2. Any electronic device containing PHI shall not have the screen placed in view of others and, if left unattended briefly, a screen saver with password shall be employed consistent with CCDDR's security requirements.
 - 3. All documentation containing PHI shall be maintained out of the view of unauthorized persons.
 - 4. While working with PHI, the employee shall keep the documentation within line of sight or within arm's reach.
 - 5. This documentation shall be viewed in the most private settings available.
 - 6. Only PHI documentation necessary for the task at hand shall be in view.
 - 7. Briefcases containing PHI shall remain closed when not in use.
 - 8. When having PHI material copied, the employee shall ensure that this material is only viewed by authorized persons.
 - 9. When the employee is finished with reviewing CCDDR records containing PHI, the records shall be returned promptly to their appropriate storage area.
- K. Employees shall send and receive faxed materials containing PHI to and from CCDDR facilities only, unless such facility is not readily available and timely transmission of records is necessary for safety needs. If in non-CCDDR locations:
 - 1. When sending or receiving a fax containing PHI, the employee shall ensure only those authorized to view have access to the material during the process of transmission.
 - 2. The fax cover sheet shall not contain PHI.

- 3. The employee shall be waiting to receive the fax at the fax machine when the transmission is expected if the material could be accessed by those without authorization to view the PHI. Call the receiving location to verify transmission was successful.
- L. Any CCDDR identifying information shall not be in plain view such as agency logo on a notebook, briefcase, etc.
- M. When using sign language interpreters where PHI may be transmitted, the most private setting available out of view of others shall be used.
- N. PHI that is verbally transmitted to others shall be protected in a manner that such information is not communicated to persons without authorized access to this PHI.
- O. Conversations where PHI is discussed shall occur in the most private settings. There shall be as much distance as possible between any individuals without authorized access to the PHI.
 - 1. Conversations where PHI is discussed shall occur with the employee using a volume level which cannot be overheard by those without authorized access to the PHI, which includes telephone conversations. If there is no way to prevent being overheard, a specific code shall be used to identify an individual, such as chart number or client initials.
 - 2. The employee shall make every effort to keep the volume level of all participants' low enough so as to not be overheard.
 - 3. Conversations shall involve using only the first name of an individual whenever possible.
- P. Wireless/cellular and cordless telephones shall be used for communicating PHI only if necessary.
 - 1. Conversations where PHI is discussed must be held at a volume level that cannot be overheard and away from individuals without authorized access to the PHI.
